

Interview Assessment

After the interview, you will receive a request in your myFOX **To-Do List** for evaluation of the candidate. This feedback can be given via phone app as well.

On homepage click on „Provide Interview Feedback“, where you are able to evaluate the candidate.

The evaluation is based on pre-defined competences for each profession, using scale 1 to 5 (5 being the best). You can also comment on each competence. At the same time, you are able to compare candidates between each other.

In the last step, add an overall comment (that is the most important one) and select thumb up (you want this candidate) or thumb down (you were not happy with the candidate). The final comment is crucial for recruiters.

Finish with „I am done!“ button.
